

OPENLANE is currently partnered with AFC, MAFs and Clubb Finance to help make buying wholesale inventory easier than ever. You can request your purchases be directly applied to your Floorplan by simply selecting your preferred Floorplan when bidding or purchasing vehicles. This unique relationship allows you to floor the vehicle purchase price, transportation price (if transportation is ordered at time of vehicle purchase) and auction fees.

Registration:

To use your AFC, MAFS or Clubb Finance Floorplan, simply complete the attached Floorplan Partnership Request Form. OPENLANE will work to enable your Floorplan account on OPENLANE. Once set up, you will no longer need to call your Floorplan Company to request flooring for an OPENLANE purchase again.

How to buy on OPENLANE using your Floorplan:

OPENLANE will submit your request to floor your purchase immediately upon the auction close and will work with the Floorplan Company to receive payment (if flooring is approved). In the event of insufficient available credit or dealer's access to credit has been nullified by the Floorplan Company, the dealer will be notified and must deliver payment by direct debit or wire transfer to OPENLANE no later than one business day after such notification.

With your Floorplan added, you can still buy using the other payment methods you are signed up for including EFT/Direct Debit, Wire to OPENLANE or dealer check.

Do you finance vehicles with a different banking/Floorplan institution?

Complete the top portion of the form and OPENLANE will determine if it is possible to integrate with your banking/Floorplan institution to help make purchasing your vehicles easier. A representative will contact you to advise of the outcome.
